California bill would make state the first to require in-vehicle speed limiting devices

BY SHARON UDASIN - 01/25/24 2:44 PM ET

California could become the first state to require certain new cars to be equipped with a device capable of limiting speed, if legislation proposed this week ultimately becomes law.

San Francisco-based state Sen. Scott Wiener (D) introduced a bill mandating many new vehicles — beginning with the 2027 model year — contain a so-called “intelligent speed limiter.”

THE WEAPONIZATION OF NATURE AGAINST HUMANITY

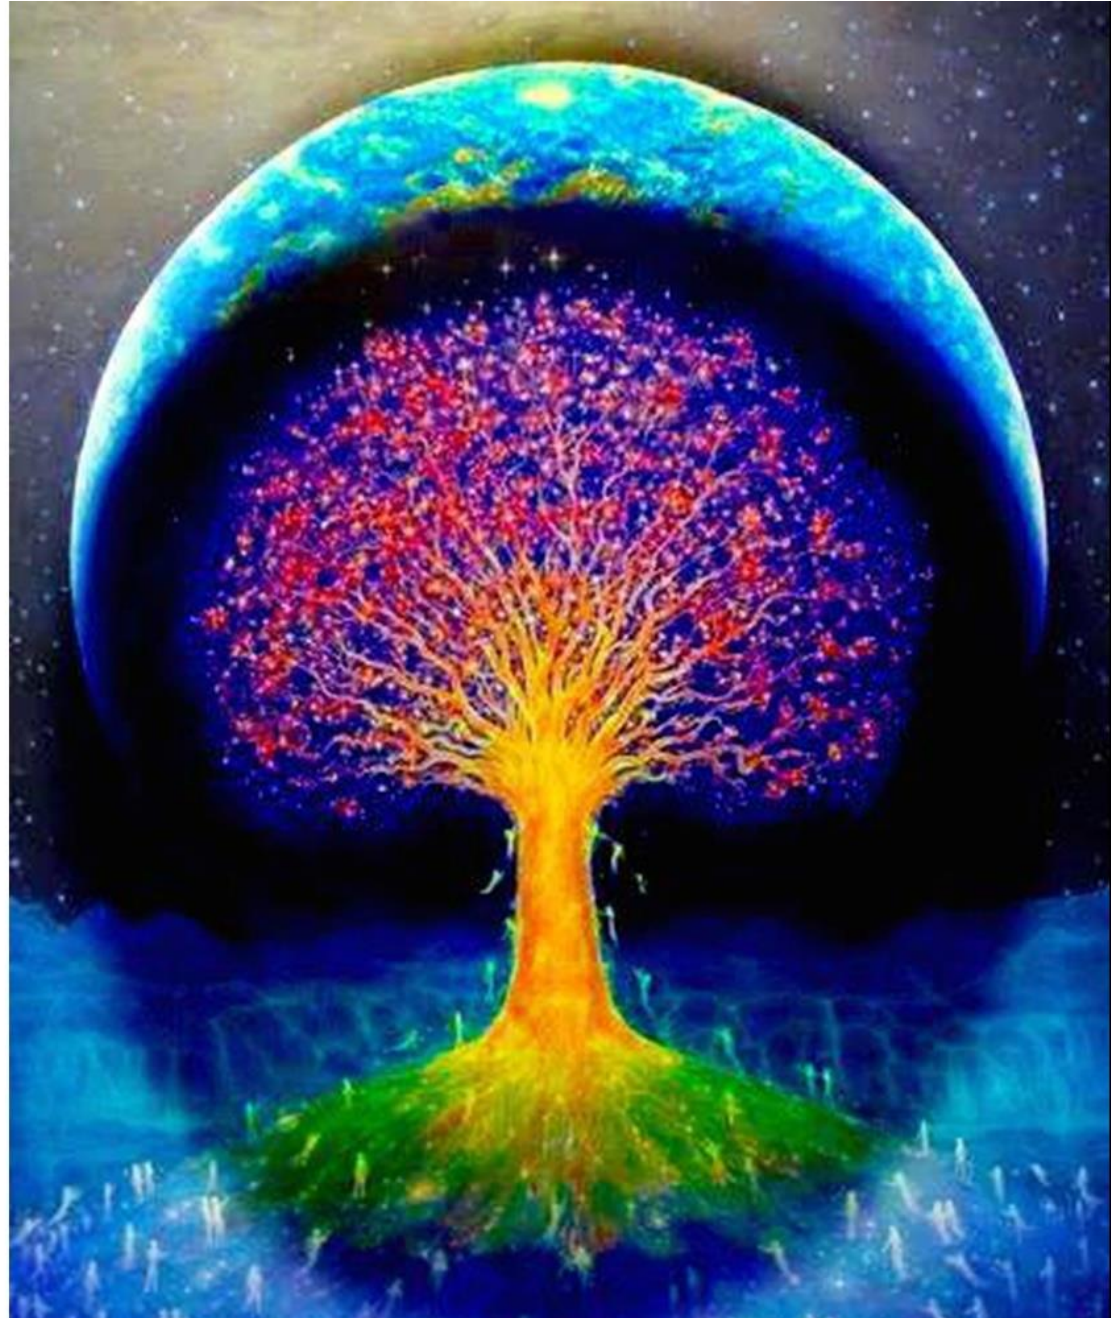

What Went Wrong?

- **NATURE** was hijacked in the name of “SCIENCE” based on the malleable CoV model and subject to **UNETHICAL GAIN OF FUNCTION** manipulation
- “SCIENCE” was hijacked by government agencies for defense and civilian commercial gain (Fauci’s pursuit of a “Universal Vaccine”) with no **MORAL** oversight
- **MORALITY** was hijacked to coerce a population to accept a “Medical Counter Measure” under the illusion of “doing your part to help humanity

CHIRON-PLUTO SYNODIC CYCLE

68-70 YEARS

Chiron and Pluto present the challenge of integrating deep roots soul-power, intensity, passion, emotional vulnerability, and karmic purgation to regenerate Sacred Self in harmony with the Natural World via revitalized senses.

Positive: Psychological healing and full restoration of soul integrity fosters whole-being wisdom and fulfillment, Divine Love, potent Gifts of Spirit; and a healthy perspective and use of will and power In Tune with the Heart of Creation.

Negative: Classic, Chronic ‘False Victim Process’ and associated Hatred/Rage/Blame perpetuate pain, hurt, wounding, and inaccuracy – individually and collectively.

E.g., Mob violence, control addiction, genocide, insanity. Extremism, abuse of power, and destructive compulsions degenerate to brutality, atrocities, and serial and mass murder – DEATH on steroids.

The War On Nature at its most extreme: vengeful, hatred-driven delusions acting-out in slaughter of animals, often being blamed as competition for scarce resources, or seen as a way to “get wealth” quickly.

Now 200,000 cows must be culled to hit climate targets

:: Report warns dairy herd needs to be reduced over next three years with payouts to farmers of €600m

Claran Moran

STARTLING government documents reveal that dairy farmers may have to be paid €600m to cull up to almost 200,000 cows in a bid to meet Ireland's emissions targets.

It comes after Agriculture Minister Charlie McCloskey announced plans earlier this year to launch a controversial voluntary dairy exit scheme for farmers.

The figures for the plan, revealed in an internal Department of Agricul-

ture paper and obtained under FOI by the *Farming Independent*, warn that the tougher measures would be needed if the farming sector is to reach its 2025 emissions reduction targets.

The paper says that 65,000 cows

must be culled over the next three years at a cost of €200m annually. The suckler (beef) herd is already in decline, but a 90pc reduction in the dairy herd is now needed after successive governments encouraged its expansion.

Calls for new overhaul of tax reliefs due to 'discrepancies'

Charlie Weston

THOUSANDS of workers are missing out on flat-rate employment tax allowances after "bizarre discrepancies" emerged in the system.

In some cases, women doing the same job as men can claim more than their male colleagues.

Hospital nurses can claim for the cost of registration fees, but veterinary nurses cannot. Waiters cannot claim for the cost of cleaning uniforms, but other workers can.

Taxback.com has called on the Government to review the flat-rate expenses system to iron out the anomalies. It cited the example of female cardiac technicians who can claim an annual allowance of €212 versus €207 for men.

CHIRON IS THE KEY TO WHOLE BEING RECLAMATION

“... YOUR SPIRIT, YOUR FREE-SOUL, YOUR ANIMAL-SOUL, YOUR BREATH-SOUL.”

-- James Hillman

Healing our Chiron soul-wound and its distorted reality, requires re-inhabiting our human heart. Regaining our deep and natural instincts, our spirit and soul senses, to create and enjoy Whole Life.

When the People have lost their innate, natural senses; their innocent spirit and soul perceptions; their deep-power based instincts and natural Knowing, then egos are their UNDOING.

A Native American man with long dark hair and a feathered headdress, looking thoughtfully to the side. He is wearing a necklace and a fur garment. The background is dark and moody.

Quiet the mind
and the soul will speak ♥

Chiron's Teaching

We will not graduate from Earth until we:

- **Master heart-based integration of Earth/body/ animal, human, and divine in presence, humility, care and honor;**
- **Accept full responsibility for our lives; inhabit our right place in Creation,**
- **Stop trying to escape, modify, dominate, or devalue it.**

The Handless Maiden -- The value, gifts, and healing of human hands. Claiming our creativity and agency.

IF WE DON'T:

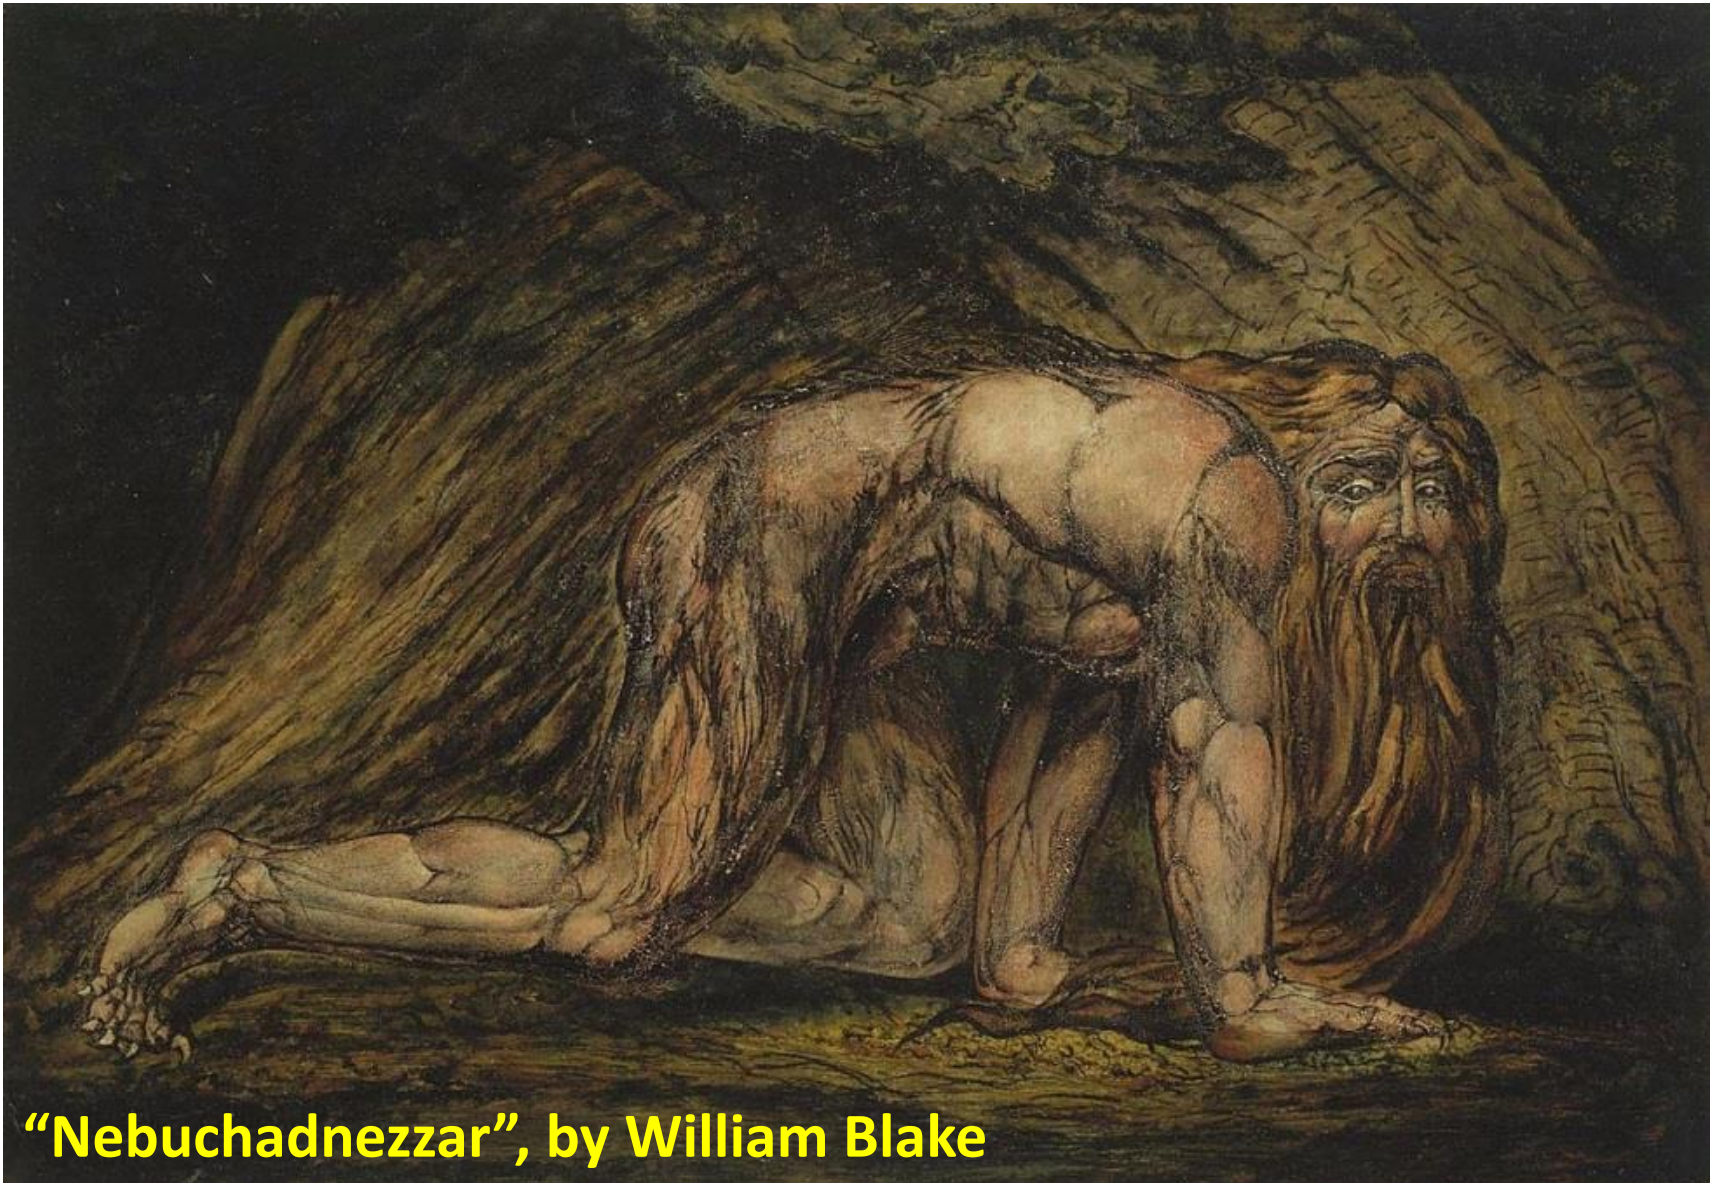

Engage spine, courage, and the risk of real commitment

**Learn to say “NO” to would-be tyrants and “back it up”
with action**

**Draw the Line as Self-Determined Protectors of the
Natural World and Each Other, to do OUR PART, in
accordance with -- and honor of -- Natural Law**

We will create for ourselves ...

GLOBAL-SCALE, CYCLICAL, SELF-SMACKDOWN

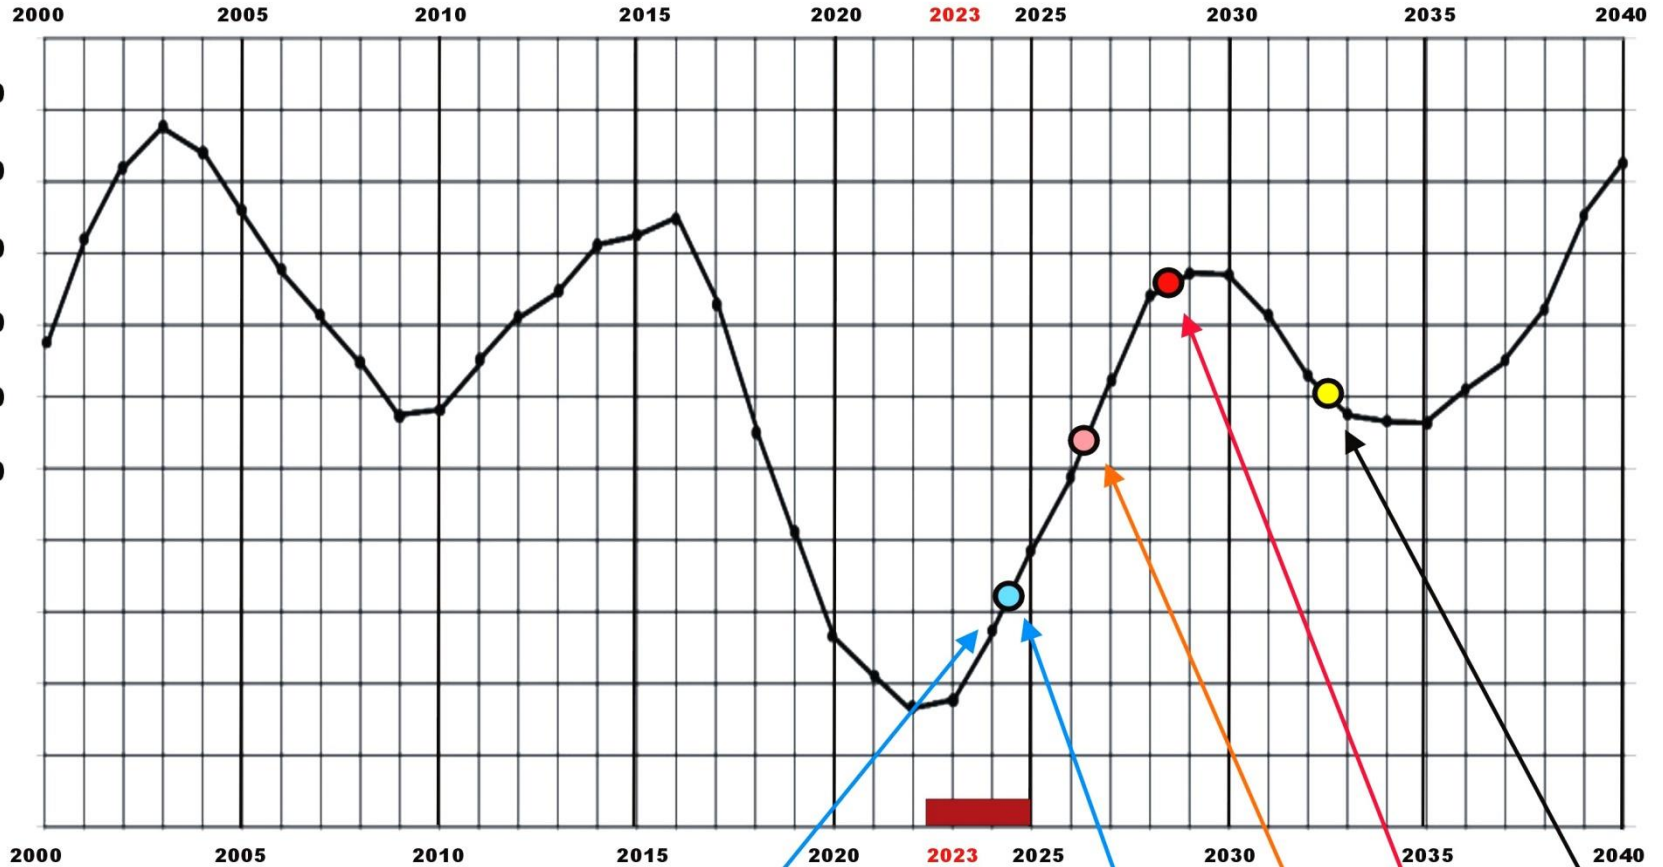

"Nebuchadnezzar", by William Blake

This is the humiliation "medicine" needed when we fall into the dark ignorance of Saturn versus Chiron. Reverting to basic survival and deep instincts as the mind deteriorates to madness can HEAL AND CORRECT divisions between consciousness (divine), heart (human), and roots (animal), and restore whole-being equilibrium with a chastened, servant ego. This is the "dethroning of the tyrant within," spoken of by the Prophet Gibran.

- **Transformational energy is enhanced.**
- **Polarity-switching is profound**
- **Time slips occur – past, present and future intertwine in unusual ways.**
- **Dreamtime is amplified -- interaction between conscious and unconscious mind**
- **Seismic activity increases**
- **News, media, and world events are amplified, and media can become especially discordant and shrill**
- **earth changes and weather events are more dramatic**
- **Take heed to your security**
- **It is more difficult to meditate and concentrate**
- **It's natural to be inspired, uplifted, positive about the future and expansive one day; and then feel discouraged, incapable, depressed, and deflated the next**
- **Can be experienced as integrative and/or disintegrative**
- **A stronger element of illusion permeates our perceptions**
- **Relationships and projects started up during an eclipse are usually transitional, and not stable and permanent.**
- **Libido / sex drive is stronger.**
- **If the eclipse degree is significant in your personal birth chart, something in your life may be suddenly GONE – sometimes a Loss of Support.**
- **We are on tenterhooks about something and wish we had information we don't have.**
- **The Season of Change is accompanied with winds, temperature fluctuations, and contrasts between light and dark.**
- **FLEXIBILITY is KEY.**

SUMMATION OF MUNDANE EFFECTS OF ECLIPSES ACCORDING TO JAYNE AND JOHNDRO BASED ON HISTORICAL EVIDENCE

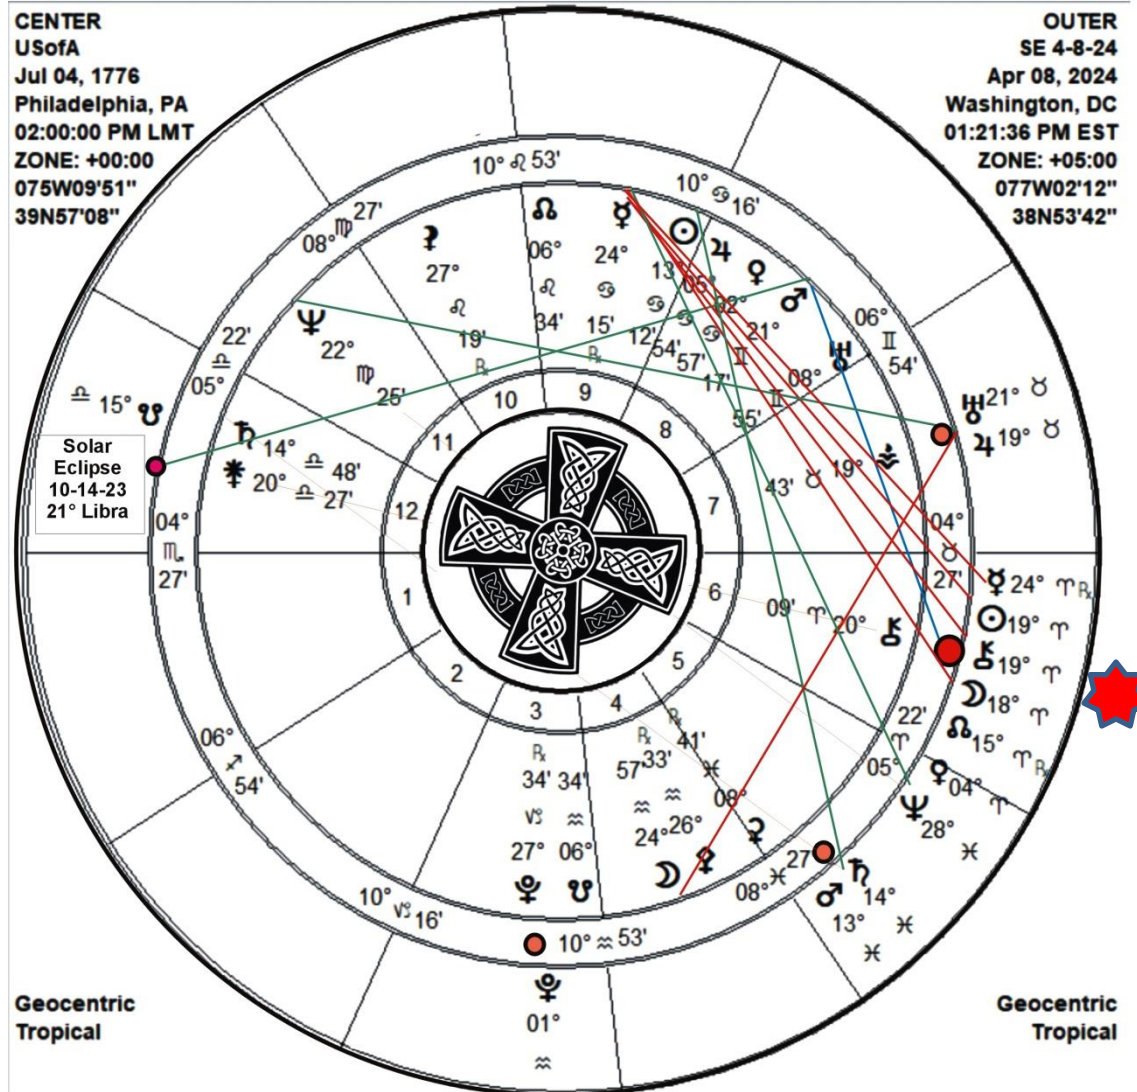

- Affairs begin and end abruptly around eclipses.
- Often invoke a dramatic and unexpected change in the narrative of the unfolding drama.
- Unexpected reversal of fortune, power, and prosperity.
- Mark dramatic changes in the course of history (and in one's life) coinciding with events of initiation or terminations.
- Probability assessment is inconsistent or faulty leading up to the eclipse, as there are unknown factors in the offing of a situation or state of affairs, that are impossible to detect in advance.
- The force of destiny is more prominent during this period, with the tempo of events increasing as events unfold.
- The world during these periods are often swept up in new developments.
- They have a radical, ground-breaking, and revolutionary quality to their nature that has massive impact
- They can invoke an existential crisis that causes a radical reframing of the values and unquestioned beliefs of a person, society, or nation.

A YOUNG GIRL FEEDING BIRDS IN WINTER

Keynote: OVERCOMING CRISIS THROUGH COMPASSION

Nature's seasonal rhythms imply an oscillation between living and dying. Through creative imagination, man can "fly over" the cycle and discover means not only to escape from the fatality of seasonal decay or deprivation, but to assist other living entities to survive through crisis.

By establishing a partnership with other creatures unable to escape wintry deprivation or death, man can maintain the life of the spirit (symbolized by birds) steady through all crises IF, like a "young girl", he is widely open to the promptings of love and sympathy.
