

The DARKENING

and the KEY

HunaVaruna.net

Since the dawn of 2020, we are living a great Turn of the Age – a rare and profound evolutionary process that applies exceptional pressures to cope and progress through Rapids of Change amid many unknowns. The **Total Solar Eclipse on April 8, 2024**, has the strongest effect since the Solar Eclipse of 1918, for the United States of America, as its shadow crosses our land from the Southern Border to the Northeast Coast. Solar activity is peaking, a conjunction of Jupiter-Uranus will bless us, and Comet 12P Pons-Brooks adds fire to the mix!

This two-hour presentation will give an overview of the Astrology highlights, through the Spring Equinox of March 2025, and provide historical context for major potential events going forward.

My name is Rockets Redglare, I'm an Astrologer of 40+ years. Most of my clients are healers and caregivers. The last four years have required us to be flexible, courageous, discerning, and to deeply surrender to greater being on our Soul Paths of Power. This Astrology Presentation will portray **a greater context from the heavens, for deeper understanding of the evolutionary pressures we are living, to help us orient in conscious harmony with natural cycles, in clear-eyed affirmation of Love-Based Reality.** Context and timing help us settle into our right work, right place, and the peace, confidence, and providence that are ours in all times.

Minor planet, Chiron, is calling heart-centered people, healers, and caregivers, for renewing vision, passion, innovation, and commitment. **We are here for this!** We will see that our nation has been destined from its start, for We The People to rise, unite, stand strong, and meet the challenges of our Becoming Here and Now. To dispel negations, fears, and shadows that would stop us from fulfilling our missions as agents and servants of loving care, awakening, and empowerment for the liberation, blessing and regeneration of ALL.

The presentation will be followed by one-half-hour personal mini-readings for each group attendant. Please bring your birth time, sourced from your birth certificate if possible. If you prefer not to wait for your reading after the event, we can do your reading over the phone within the following two weeks. You will be provided with an annual blackbox graph report from your birth chart for 2024 and a diagram of your personal Moon position. Cost to attend this presentation is \$100. Call Rockets to reserve your space: 651-505-3773
